

As a coalition we believe that the mission to colleges is a collective movement and effort. As Christ's people, we believe in the power of this collective joining in prayer in various places. We hope to invite and encourage you in joining us in prayer using these specific prayers written below:

...for Christ's Kingdom and Mission to advance through this coalition and missional effort.

...for Lutheran churches throughout Los Angeles to see the need for mission to their local college and to develop a heart to engage in it.

...for the Holy Spirit to raise up leaders in these churches who will work with the CMC-LA to develop a mission to their local college.

...for Ambassadors to be raised up throughout LA County who will advocate and advance the mission of the CMC-LA.

...for students to be revealed and engaged throughout the colleges.

...for these students to be connected in Christ-Centered, intergenerational relationships.

...for these relationships to form Christ-Centered communities.

...for the current relationships and communities to be strengthened and grow at UCLA, CSUN, and Pierce College.

...for these communities to be centered on Christ, enriched by His Word, and a powerful place for the Holy Spirit to reign.

...for Our Redeemer Lutheran Church in Winnetka, CA as they take on a large role in supporting and advocating for the mission of the CMC-LA.

...for current leaders that they be filled with Christ's strength in these early developments, that we remain hopeful and persevering in tough times, and also celebrate Christ's work in and through us.
